

CHERRY MC 2.1

WIRED PERFORMANCE MOUSE

Models may vary from the image shown

Fits perfectly in your hand, delivers high-performance in the game – the right RGB gaming mouse for every situation

The CHERRY MC 2.1 fits perfectly in your hand. As a gaming mouse for right-handers, it focuses on ergonomics and performance. The extra flexible cable, reduced weight, and large mouse skates allow the mouse to glide easily over surfaces. Silicone pads with a discreet surface texture provide a particularly pleasant feel. Two easy-to-reach, clearly shaped thumb buttons are also freely programmable.

The rubberized, translucent mouse wheel with tactile ribs for the best possible grip is a scroll wheel, button and eye-catcher, all at the same time. The transparent design of the mouse wheel makes full use of the entire color spectrum with 16.8 million colors (RGB) and various lighting effects.

You can gradually adjust the precise 5,000 DPI Pixart sensor directly using the DPI switch on the mouse. The respective DPI level is displayed as a red luminous color bar.

You can make advanced settings easily via the CHERRY UTILITY software. This can be called up in a flash by clicking on the CHERRY button. The software also allows you to freely program and store your individual user profiles. Each of the last settings are stored directly on the computer mouse, in the ONBOARD memory.

This allows you to get straight back into the game with your favorite light, key assignment and selected DPI number. The USB 2.0 Full-Speed interface supports up to 1,000 report rates for a game without delay.

If you are searching for a mouse that enhances performance and lets you play or work comfortably, the MC 2.1 is just the mouse for you.

Decisive advantages

- Precise 5,000 DPI Pixart sensor, gradually adjustable via the DPI switch (+DPI status display) on the mouse or via the software
- USB 2.0 Full-Speed interface, supports up to 1,000 report rates
- CHERRY button for quick DPI adjustment and direct access to CHERRY UTILITY software to customize mouse settings
- Individual user profiles can be freely programmed in the software
- ONBOARD memory – the last, individual settings (light, DPI, key assignment) are stored directly on the mouse
- Two freely programmable, easy to reach side buttons (left)
- Full color spectrum with 16.8 million colors (RGB) and various lighting effects
- Rubberized translucent mouse wheel with tactile ribs for perfect grip and button function
- Right-handed mouse with reduced weight and ideal ergonomics for tireless gaming
- Feels good in the hand and has a secure grip thanks to side silicone inserts with a discreet surface texture
- Extra flexible cable
- Large mouse skates

Dimensions:

Mouse: approx. 5.12 x 2.78 x 1.54 in

Packaging: approx. 5.23 x 3.9 x 1.77 in

Packaging unit:

Number of products in outer package 20

Warranty:

We put a lot of dedication and hard work into the development of our products and we are proud of their quality. This is why, in addition to the statutory guarantee mentioned in the operating instructions, we are granting an expanded manufacturer's guarantee that is subject to the conditions stated below.

For the first two years after delivery, the statutory warranty applies. In the third year after delivery, CHERRY voluntarily grants an additional warranty according to the following conditions ("extended warranty"). In the event of a defect, please contact the seller of your CHERRY product. Do not carry out any repairs on your own and do not open the product. There is no warranty if unauthorized changes to the product cause a defect.

Conditions for the extended warranty

In the case of a defect after the first 2 years after delivery of the CHERRY product, CHERRY grants its customers for the additional period of one year the right to assert claims for cure, i.e. demand that the defect is remedied or a thing free of defects is supplied. The extended warranty is to be asserted against the seller of the CHERRY product upon presentation of the original invoice, proof of purchase or a comparable proof of the time of purchase. CHERRY, and the seller of the CHERRY product, where applicable, shall remedy the defect in the event the customer has justified claims for cure under the terms of the extended warranty. Excluded from the extended warranty are damages caused by improper use, in particular by the effects of chemical substances, other damages caused by external influences, as well as normal wear and tear and optical changes, in particular discoloration or abrasion of shiny areas. Also excluded from the extended warranty are accessories and other parts which are not an integral part of the purchased item.

Errors, technical changes and delivery possibilities excepted. Technical information refers only to the specifications of the products. Features may differ from the information provided.
